

Dear Madam Member of Parliament, I am writing to you because I remember your words from 2021 in connection with what is also happening in the European Parliament, even though you were talking about an injection called a Covid-19 Vaccine:

„I will do everything I can to let the world know that their once free and liberal Democrats have turned into a totalitarian regime....“

The record of your words also got to ordinary citizens in the Czech Republic.

I am sure that the meaning of those words has a wider meaning and extends to the present time when 3 January 2023 was approved COMMISSION IMPLEMENTING REGULATION (EU) 2023/5¹, which conflicts with other European Union legislation. These are Article 21 of the Charter of Fundamental Rights of the European Union.²

Article 21

Non-discrimination

1. Any discrimination based on any ground such as sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age or sexual orientation shall be prohibited.
2. Within the scope of application of the Treaty establishing the European Community and of the Treaty on European Union, and without prejudice to the special provisions of those Treaties, any discrimination on grounds of nationality shall be prohibited.

In the quoted text, I underlined religion or belief, because it concerns for example Seventh-day Adventists, Jews, etc. I also underlined any other opinion because there are vegetarians, vegans, etc. I refuse to submit to totalitarian behavior. I believe that it is necessary for people to decide for themselves what they want to eat and what they want to feed their own children. Such rules can lead to the disintegration of the European Union (HUXIT, CZEXIT, SKEXIT, etc.). If I were to also mention allergy sufferers, which are written about in the approved regulation, they contradict Article 35: “A high level of human health protection shall be ensured in the definition and implementation of all Union policies and activities.”

I refer to your words and I believe that you will fight, it also applies to the citizens of your country, not only the Czech and Slovak Republics for which I try to fight. Thank you for understanding.
